

## Website

We have a website. Our URL (address) is [www.9thHuddersfieldScouts.org.uk](http://www.9thHuddersfieldScouts.org.uk).

This site contains information about the Group. Your son/daughter should visit the message board regularly to check for information posted by the Leaders.

## Publications, E-mail & Text Messaging Policy

The Group has a very strict policy regarding publicity.

Our e-mail & phone numbers lists only goes to the adults in the Group. We, the Scout Leaders and the Group Executive Committee officials, use these lists to send many messages to the 'Scouts' and their families. Patrol Leaders only get the list under the supervision of their parents, so that they can e-mail their Patrol members.

e-mail addresses are kept on a secure page in our web-site. If you feel that you require access to this information or if you need an e-mail list please contact me ([9thHuddersfield@ukonline.co.uk](mailto:9thHuddersfield@ukonline.co.uk)).

If you or your son/daughter does receive an e-mail list, please be sure to adhere to the following: ***this list can only be used by your son/daughter with your consent and supervision.***

## Photographs

Photographs do appear on the web-site, in our newsletter, and occasionally in the press in accordance to the policy of the Scout Association. At no time will we post any names under any current pictures. The Group will only use generic information connected to any picture group. However, sometimes first names and the last initial may be included with a set of pictures; such as on an Explorer Scout Project.

If you have any objections to this policy or any further questions please contact me.
