Activity Badge – Emergency Aid 1

Stage 1																					
1. Understand and recognise dangers in the house and outside.																					
2. Know what to do at the scene of an accident.																					
3. Know how to open an airway.																					
4. Know how to treat minor cuts, scratches and grazes.																					
Notes: *This stage requires 1 to 2 hours activity/learning and should be trained and assessed by an adult or young leader familiar with the resource material.*
