

Here's a real challenge for all you Cub Scouts. Can you be the first in the pack to solve these tricky puzzles? They're tough but they're fun!

QUICK TRICK
Here's a trick guaranteed to amaze your friends! Take an empty matchbox and put a coin inside the top of the lid. Push the lid a little forward and the coin will be caught fast between the lid and the box itself.

Now you can shake the box and show everybody that it's empty. But as soon as you close the box the coin will fall and when you open it again the coin will be lying there for everyone to see.
